

Awesome Giveaway! Gifts for You OR a Special Lady in Your Life!

11.7.11

Looking to pamper the lady you love . . . or yourself? With this giveaway you could do a little of both! KMR Communications, Inc. contacted me about giving one fabulous reader all of these great gifts, and I jumped at the chance.

The thrifty side of me thought, "Oh yay, holiday gifts for women I love!" But the selfish side of me thought about how much I would love to win the body serum!

So what can you win for a friend/sister/lover/daughter/mother or yourself? A makeover from head to toe! Grab a cup of java; this could take a while!

The Nails Have It!

Winter is here, which means skin will begin to dry if not cared for properly. **Minus417** specializes in creating products that contain natural active components, such as select minerals from the Dead Sea and unique plant extracts from France. The winner will receive this kit, filled with hand moisturizer, foot moisturizer, cuticle oil, nail buffer and nail file.
